President's Welcome

The free NJ Clearwater Festival is thrilled to be making our live comeback at Riverside Gardens Park, in Red Bank, NJ. It's a beautiful spot to celebrate our environment with music, song, and an exhilarating, wind-in-your-hair sail on the Navesink.

This year our Festival theme is "**Fight Climate Change**". It's not new topic for Clearwater—who has presented various aspects of our theme including alternative energy, environmental justice, and sea-level rise—but the current eco-political atmosphere makes it important that we fully understand all the forces at play. Whoever thought the US Senate would hold us hostage or SCOTUS could make such egregious rulings against the rule of law and our common sense.

Environmental groups like Climate Change Lobby — who will present the Keynote Address—will be available at our Fest to provide important information about how we can all protect our environment through a variety of strategies.

Disasters are made worse due to Climate Change:

- Increased conflict (wars/national insecurity/domestic & foreign terrorism)
- Worse water shortages
- More crop failures
- More intense fires
- More droughts
- More flooding
- Severe species extermination
- More disease
- Worse extreme weather/hurricanes
- More political instability and loss of civil rights
- More severe heat waves
- More climate migration
- Severe economic/financial disruption (breakdown)
- Increased Environmental & Social In-Justices

Make No Mistake About It: > Climate = Human Survival Issues

Environmental organizations such as ANJEC, Navesink Maritime Heritage Association, Clean Ocean Action, Red Bank Environmental Commission, Windspirit, Littoral Society, Sierra Club including former NJ Sierra Club Director Jeff Tittel, Clean Water Action, Monmouth Conservation Foundation, and the Climate Change Lobby — to name a few — will provide in-depth information on other events and issues that affect our health and well-being.

There is a planned Environmental Justice roundtable on ever-worsening situation where the low-income, people-of-color, and voiceless are being preyed upon by the unscrupulous polluters, landlords, and corporations who foul the air and water and spread sickness — like the epidemic asthma at 4 times the national rate — that these dastardly villains would not tolerate in their own backyards.

Special Thanks:

As Festival Co-ordinator I would like to thank Jack and Barbara Charlton for their input and endless help over these many years. A huge thank you to Isis Ra and Short Design. Also, Brian Ostering for his endless hours of work putting together another great year of entertainment. Ingrid Heldt for all her efforts throughout the year and at the festival for her work co-ordinating and running the Circle of Song. Not to mention everyone else who have jumped in when need be.

We also give very special thanks to the support from the Town of Red Bank, their Department of Public Works and Special Events Committee. Red Bank RiverCenter has helped getting the word out. Also, thank you to SJS Specialty Company for printing our t-shirts in record time.

Thank you to all the volunteers that work throughout the year to put the festival together.

This year I would also like to ask that we take a moment to remember our members whom we lost this year: Shannon Gilvary and Mike Keogh - both were long-time members of our Boat Committee.

THE ENVIRONMENTAL SAIL PROGRAM

The Environmental Sail Program (ESP) is a set of New Jersey Friends of Clearwater environmental education initiatives that revolve around the original Clearwater goal--to build awareness of our environment, the effects of pollution on it, and humans' ability to cause it and to cure it. Like its Sloop Clearwater inspiration, our sailing vessel Pete's Banjo inspires both NJFC volunteers and guests to work as a team to achieve its goals.

Our sailing vessel, Pete's Banjo, is a 26' Tuckerton Sailing Garvey. It is a replica of a design used in the 17th century for oyster and clam gathering work in the shallow waters of the Tuckerton Bay. It is made entirely of wood and has no-motor. It has been described as the pickup truck of the 1600's whereas the Sloop Clearwater was the 18-wheeler of the 18th and 19th Century Hudson River.

Pete's Banjo is docked at the Oyster Point Hotel Marina at the bottom of Bodman Place. It also has an alternate slip at the semi-circular dock at Marine Park in the summertime. The partnership with Red Bank Recreation to allow for free sails on weekends has been a great success along with the help of the Navesink Maritime Heritage Association. Before the pandemic, at our 44th Annual NJFC Clearwater Festival, we had boatloads of fun with 5 sails while listening to music of our wonderful performers for the environment. We haven't had as much fun since we left Sandy Hook. See our Facebook site for great pictures of great fun at the Festival sails.

Our regular sails are back, launching from our Oyster Point slip on Tuesday evenings. The sails start at 5pm. Weekend sails in the Fall start at 1pm. Please check our Facebook and Twitter feeds below for the latest departures.

Sailing, Lots of Sailing. Both NJFC volunteers and guests get to sail on the beautiful Navesink River from June through October. To qualify to sail on the Pete's Banjo requires one thing; show up on scheduled weekly sail days. With ample notice, arrangements can be made with the captains to sail for pleasure or purpose on days other than those scheduled. Email: ingrh7@yahoo.com or call (732) 859-5752.
