

I Believe

**I believe we can make a difference.
I believe we can heal the earth.
I believe we can find the answers.
I believe – I believe.**

I believe we can clean our water.
I believe we can grow enough food.
I believe we can listen to each other.
I believe – I believe.

**I believe we can make a difference.
I believe we can heal the earth.
I believe we can find the answers.
I believe – I believe.**

I believe we can share this planet.
I believe there's enough for everyone.
I believe we don't have to keep on fighting.
I believe – I believe.

**I believe we can make a difference.
I believe we can heal the earth.
I believe we can find the answers.
I believe – I believe.**

I believe we can light a fire.
I believe we can keep the flame burning.
I believe we can see God in everyone.
I believe – I believe.

And when this life is over and when my days are done.
I will leave these words behind, to speak to everyone.
I cannot take them with me, these gifts I have received.
All I can say is – I believed.

**I believe we can make a difference.
I believe we can heal the earth.
I believe we can find the answers.
I believe – I believe.**

I believe – I believe.
