

Forgive Them

Some say, "There's no need for hatred."
Some say, "Justice must be served."
I say, "Forgive and forget –
Forgive and forget – Forgive and forget
Forgive and forget –
Forever – forever."

Forgive them. – The world needs to heal.
Forgive them. – Share how you feel.
Forgive them. – Let love be real: Forgive them.

It seems like the last thing on your mind now.
It seems like the hardest thing to do –
To say, "Forgive and forget – –
Forgive and forget – Forgive and forget –
Forgive and forget –
Forever – forever."

Forgive them. – The world needs to heal.
Forgive them. – Share how you feel.
Forgive them. – Let love be real: Forgive them.
Forgive them. – Don't fight any more.
Forgive them. – Love can do more.
Forgive them. – Open the door. – Forgive them.

*You think you can't do it.
If you think you can't get through it,
Don't do it for them –
Do it for yourself. – Set yourself free.*

Forgive them. – The world needs to heal.
Forgive them. – Share how you feel.
Forgive them. – Let love be real. – Forgive them.
