

Mother Earth

[Chant this all the way through the song:]
Mother Earth, I feel you under my feet.
Mother Earth, you do take care of my needs.
Mother Earth, you are wherever I go.
Mother Earth, I love you so.

I will not litter, I will not squander
I will have love – and I wonder
Can I bring Peace wherever I go?
Mother Earth, I love you so, I love you so.
Mother Earth, I love you so.

Mother Earth, I feel you under my feet.
Mother Earth, you do take care of my needs.
Mother Earth, you are wherever I go.
Mother Earth, I love you so.

I will walk softly, I will plant seeds
I will provide for many needs.
I will bring light wherever I go.
Mother Earth, I love you so, I love you so.
Mother Earth, I love you so.

Mother Earth, I feel you under my feet.
Mother Earth, you do take care of my needs.
Mother Earth, you are wherever I go.
Mother Earth, I love you so.

I wish I may, I hope I might
Got to do something right.
I revere this place where I grow
Mother Earth, I love you so, I love you so.
Mother Earth, I love you so.

Mother Earth, I feel you under my feet
Mother Earth, you do take care of my needs.
Mother Earth, you are wherever I go.
Mother Earth, I love you so.
