

Spend the Day

The sun is shining. Wind shuffles my hair.
Music is playing, there's sweetness in the air.
I was going home, glad I chose to stay.
Can't think of a better way to –

Spend the Day.

People in the park, people everywhere
Smile into the sky, laugh without a care.
The band is cooler than the songs they play.
Can't think of a better way to –

Spend the Day.

**Spend the Day – spend it feeling right,
Spend the Day – into the night,
Spend the Day – no worry – no pain,
Spend the Day – feeling sane.**

Problems suspended. They'll have a way
To come back and haunt me some other day.
Now is my time to find my way.
Can't think of a better way to –

Spend the Day.

**Spend the Day – spend it feeling right,
Spend the Day – into the night,
Spend the Day – no worry – no pain,
Spend the Day – feeling sane.**

The sun is shining. Wind shuffles my hair.
Music is playing. There's sweetness in the air.
I was going home, glad I chose to stay.
Can't think of a better way to –

Spend the Day.
